

LKS2 ART Knowledge Mat- Rotten Romans – Printing

Subject Specific Vocabulary

print	The process of creating images onto paper but also other materials and surfaces.
pattern	A repeated decorative design.
line	A mark made on a surface that joins different points.
texture	How something feels, including its appearance and consistency.
colour	The element of art that is produced which reflects from a surface and back into our eye.
shape	An enclosed space that has both length and width.
block	A block could be made of wood, plastic or another material that can be used to carve patterns, shapes and designs.
ink roller	A hard roller made of rubber that creates a smooth application of a print of ink or paint.
repetition	Repeating a single element many times in a design.
historical	Taken place in history and the past.

Sticky Knowledge

I know how to print on different materials using at least four colours.

I know how to layer prints in different colours.

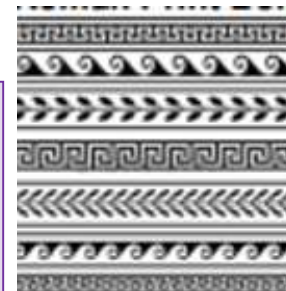

I know how to replicate a pattern from an observation.

I know how to make repeated patterns with precision.

I know what a printing block is and how this can be used.

Important facts to know by the end of this Art Topic:

- Roman printing and mosaics captured the scenes of history and everyday life.
- Most patterns and prints were a 'standard design', however wealthy people could also request more personal designs.
